

Additional Information

Linton Armory

The vaults will remain in place, with locks.

All the electronic monitoring systems will be removed or abandoned in place.

This facility has been well maintained and has had very few expenses related to the building systems.

The age of the roof is undetermined, no known issues reported in the last 7 years.

The boilers (multiple) were all installed in 2003 (one replaced in 2006). Minor boiler work was performed in 2016.

Historic energy (gas and electric) costs:

- 2017 = \$9,448.00
- 2018 = \$8,839.00
- 2019 = \$8,839.00
- 2021 = \$9,448.00
